“My team had a wonderful experience volunteering at the Sankofa Community Farm at Bartram’s Garden and were thrilled that our harvesting efforts supported access to fresh produce for the Southwest Philadelphia community. We are looking forward to planting new crops in spring 2019!”

- Brandon Weber, VP of Community Lending & Investment at Wells Fargo

“Dunmore had a wonderful experience volunteering on a beautiful, fall day at Bartram's Garden— a little oasis in the heart of Philadelphia! Before we began working we had a tour through the gardens and were given extremely knowledgeable insight. We gained such an appreciation of the historic gardens which made our work contribution even more special. Overall it was a great team building event and we felt that the volunteer effort was helpful to Bartram's Garden.”

- Amy Brill, HR Director at DUNMORE

“Escaping my desk job to pull weeds, plant and harvest berries, and build community picnic tables with Bartram’s staff showed my colleagues and I what it means to make a tangible impact on our Philadelphia community. The staff at Bartram’s takes time to teach volunteers what it takes to grow the food we eat, making the experience all the more rewarding and transformative.”

- Dan Pfister, Technology Consultant at Deloitte
